Object List

Description

- OBJECT_INDEX - Index uniquely identifying the row and thus the object. The index must be greater than zero and may only appear once in the table. If the index does not exist in INDEXSTRUCTURE, the row is ignored.

- **COSTCENTER** - Cost center that includes the activity.

- **ACTTYPE** - Activity type that includes the activity. You must fill this together with COSTCENTER. You only need it for an activity input that is activity-dependent.

- **CO_BUSPROC** - Business process that includes the activity.

- **ORDERID** - Order that includes the activity.

- **WBS_ELEMENT** - WBS element that includes the activity

You may fill one object only,for example COSTCENTER, CO_BUSPROC, ORDERID, or WBS_ELEMENT.
